

PaperStone Helps Give "New Life" to Birthing Center Remodel

EDWARD HOSPITAL — NAPERVILLE, IL

When Edward Hospital in Naperville, IL recently remodeled their Birthing Center they desired a product for the cabinetry, counter edges, rub rails, and walls which would withstand the rigorous wear and tear of the fast-paced hospital life and still provide a warm and healthy environment necessary for the comfort of both mother and baby.

The Choice Was Easy - PAPERSTONE

Its tremendous strength for cabinet frames, hardness and durability for rub rails and counter edges, and its natural warmth and the beauty captured in earth-tone colors for wall panels was the perfect solution.

The Countertop with a Conscience™

PAPERSTONE PRODUCTS USED IN THE BIRTHING CENTER:

Paperstone 'Leather' – Cabinetry Frames, Wall Panels, Shelving, Rub Rails

Paperstone 'Mocha' – Bathroom Mirror Frames

PaperStone™ distributed by **North Star Surfaces**, is the greenest architectural interior surface on the planet. Made from 100% recycled papers and phenolic resins derived from organic materials, Paperstone is amazingly durable and versatile in application. PaperStone is the conscientious choice of Specifiers and End-Users alike. Available in 13 colors, Paperstone offers the selection you need to create the space you envision.
